## A HARMONY OF CONTEMPORARY + TRADITIONAL

Grand Banks Limestone's versatile color palette adds an energized sensibility to the enduring aesthetic of old-worn stonework textures. The soft, earthy neutrals provide new options for exploring the refined subtleties of color, depth and dimension in a variety of designs.

GRAND BANKS MIXES A VARIETY OF CONTEMPORARY COLOR TONES — RUST, CREAM, AND SILVERY-BLUE — ON A TRADITIONAL-STYLE TEXTURED SURFACE.

GRAND BANKS

The Limestone profile from Eldorado Stone is a tailored stone that conveys a traditional formality. It is hand-dressed to provide a chiseled, textured stone shape roughhewn into a rectangular ashlar profile.
